

THE UNIVERSE WITHIN

AN INTRODUCTION TO WORLDBUILDING THAT SPARKS THE CREATIVE GENIUS IN YOU!

Research the basic science your character will need to solve the problem in your world, meaning what knowledge will you need. Then, identify and describe the applied science your character will need take to take action and solve this problem. For example, a basic science could be Earth Sciences, and the application of this basic science could be Botany. Or a basic science could be Life Sciences and the application of this basic science could be Medical. Refer to the Basic & Applied Sciences handout.

STATE YOUR PROBLEM:
